

Armal[®]

Strong. Experienced. Worldwide.

Armal Graffiti Cleaner

Armal's Graffiti Cleaner is formulated to eliminate the most stubborn paint and chemical resistant coatings... specifically removing multiple layers of oil and latex paints from various substrates, including HDPE, wood, brick, stone or metal.

Armal's Graffiti Cleaner is an environmentally and user friendly Graffiti cleaner and remover that does not contain harsh or flammable chemicals. Graffiti Cleaner's gel based formula will adhere to vertical surfaces without running.

DIRECTIONS FOR USE: Shake well before using. Graffiti Cleaner contains no water and is intended to be used undiluted. Spray Graffiti Cleaner on surface to be treated. Allow 1 minute for formula to activate and penetrate the graffiti. Then gently rub with a dry cloth or paper towel and wipe dry. For best results, wipe off with a sponge. Treat stains immediately for best results. Some set-in stains might be more difficult to remove. If so, generously spray area and allow Graffiti Cleaner to work for several minutes.
